

CAN BUS UPDATE

October 2016

A Word from our Executive Director

by Patrick Hart, Executive Director

We have a big bag of treats for our students this October.

- ◆ I hope you've all noticed how our facility keeps getting brighter as we finish up the painting and decorating.
- ◆ We just introduced our new MOPAR Cap and Snap-on Certifications.
- ◆ We are ready to recommend our best students for jobs in the dealerships.
- ◆ We will shortly be announcing some initiatives for internships in the diesel field.
- ◆ The new uniforms for the instructors reflect our upgrading of our physical plant.
- ◆ A bright new curriculum, using the latest technology, will soon be unveiled to complete our current overhaul.

Student Spotlight

Susan Greenberg, Director of Career Services reports that NYADI student, John Joseph, has been selected to receive a 2016 Hank Hasiwar memorial Award which is a \$1,000 scholarship.

The local chapter will present the award at Vivaldi's Restaurant in Bayside during their dinner meeting.

This annual award is presented each year to outstanding automotive students by the Society of Fleet Supervisors. Hank Hasiwar was an active member of the Society and initiated many of the programs. Hank had a degree in education and was active in many humanitarian and social service causes. He was honored by creating an award to assist students to achieve their dreams.

MOPARCap Launch

Have you noticed the information and pictures of the MOPAR Cap and Snap-on launch on our website? If not, check it out at www.nyadi.edu.

TASC

Mr. Santora reports that there are now 13 students or recent graduates who have passed their High School Equivalency exams. Another group has taken the test but has not been notified yet, and more are in the process of applying. This new HSE exam is more advanced than the old GED and is a true High School equivalent.

We are proud of these students and wish them well in their careers.

New Uniforms

You will soon be seeing all of the instructors sporting the new uniform, seen above

on Mr. Day. The shirt displays the logos of our newest partners and mirrors the colors of our website. This is another indication of how NYADI is becoming cutting edge in field.

New technology

The new big screen monitors in all classrooms provide dynamic, HD imagery to facilitate instruction. Multi sensory education has been proven to create the most retention and quickest learning. Hearing, seeing text and graphics, and touch are now available in the classroom and the shop.

Thanks to our investment in the latest technology.

Check out our new website at www.nyadi.edu

Your online access to our school calendar, news, policies, staff, and much more in a bright new interactive format.

Yay!!!!

I aced that exam.

NYADI will be closed on Monday, October 10. Happy Columbus' Day!
