General Information:

1. NYADI has instituted a plan to notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to health or safety of students or employees occurring on campus. An immediate threat encompasses an imminent or impending threat, such as an approaching fire, or a fire currently raging in one of the school’s buildings. Any employee, who perceives an immediate threat toward any other person on the school premises, is authorized to make an emergency call to 911. This will be both by e-mail and through texting. Each student upon entrance to the institution will be required to supply the institution with both an e-mail address and a cell
phone number.

2. The institution will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Instructors and/or staff members should remain in the room with their students if they are notified of a possible emergency.

3. These procedures will be tested and evaluated at least once a year for appropriate follow-through activities designed for assessment and evaluation of emergency plans and capabilities. The emergency response and evacuation procedures will be publicized and documented.

4. This institution does not employ campus security personnel but encourages both its employees and students to immediately report suspected criminal activity or other emergencies to the nearest available campus security officer, institutional official and/or in the event of emergency to directly contact local law enforcement or other emergency response agencies by dialing (911).

5. All students and employees are required to report any crime or emergency to their institutional official promptly. If a student or employee wishes to report a crime on a voluntary or confidential basis, the institutional official will be prepared to record and report the crime, but not the name of the informant. The student or employee may, in order to maintain confidentiality, submit the information in writing to his/her institutional official without signature. If the student wishes not to maintain confidentiality, the student will contact his/her teacher or school official who in turn will contact the nearest supervisor to report criminal actions or emergencies to the appropriate agency by calling (911).

Preparation for the Annual Disclosure of Crime Statistics report is obtain by the institution’s President who contacts the correct police department District for statistics and the institution’s “Daily Incident Log”, and then records those statistics.

6. Only students, employees and other parties having business with this institution should be on institutional property. Staff, faculty, students, and prospective students or any person entering the premises must have and display at all times a security identification badge. Those without an identification badge must sign in at the entrance and identify their purpose of visit, the person to be visited and register their time in and out of the building. The visitor must also wear a visitor’s badge while on campus. All rear access doors leading to the campus are closed and locked during evening hours starting at 5:00pm. When the school closes for the night, the school’s official or supervisor will inspect each floor to see that it is empty and then set the alarms on each floor and then lock down the campus. Other individuals present on institutional property at any time without the express permission of the appropriate institutional official(s) shall be viewed as trespassing and may as such be subject to a fine and/or arrest. In addition, students and employees present on institutional property during periods of non-operation without the express permission of the appropriate institutional official(s) shall also be viewed as trespassing and may also be subject to a fine and/or arrest.
7. Current policies concerning campus law enforcement are as follows:
   a) Institution’s officials have no powers of arrest other than the Citizens Arrest Law, and are required in the event of a crime or emergency to call the correct agency or dial (911) for the police and emergency services. The Citizens Arrest Law will be invoked only as a last resort, and after all other possibilities have been explored.

   b) Employees shall contact their immediate or nearest ranking supervisor to report any criminal action or emergency to the appropriate agency by calling (911). If possible, in the interim, institutional official shall attempt to non-violently deal with the crime or emergency with the appropriate agency on campus. Individual discretion must be used, as undue risk should not be taken.

   c) The institution currently has no procedures for encouraging or facilitating pastoral or professional counseling (mental health or otherwise), other than the student or employee is encouraged to seek such aid.

8. Though this institution does not offer regularly scheduled crime awareness or prevention programs, students are encouraged to exercise proper care in seeing to their own personal safety and the safety of others. The following is a description of policies, rules and programs designed to inform students and employees about the prevention of crimes on campus.

   c) Always try to walk in groups outside the school premises.

   d) If you are waiting for a ride, wait within sight of other people

   f) The “Crime Awareness and Campus Security Act” is available upon request to students, employees (staff and faculty) and prospective students.

   g) The School has no formal program, other than orientation, that disseminates this information. All information is available on request.

   h) Information regarding any crimes committed on the campus will be available and posted in a conspicuous place within two (2) business days after the reporting of the crime and be available for sixty (60) business days during normal business hours, unless the disclosure is prohibited by law, would jeopardize the confidentiality of the victim, or an ongoing criminal investigation, the safety of an individual, cause a suspect to flee evade detection: or result in the destruction of evidence. Once the reason for the lack of disclosure is no longer in force, the institution must disclose the information. If there is a request for information that is older than sixty 60 days, that information must be made available within two (2) business days of the request.
9. The institution does not offer regularly scheduled crime awareness or prevention programs other than orientation where all the institution’s policies and regulations are properly disclosed to prospective students.

10. All incidents shall be recorded in the Institutions daily Incident Log located on campus at the Administration Office of the School President. The log includes the date, time, location, incident reported, and disposition of incident and the name of the person who took the report. The report must be entered in the log with two (2) business days after it is reported to the school’s official, unless that disclosure is prohibited by law, would endanger the confidentiality of the victim.

11. This institution does not permit the sale, possession or consumption of alcoholic beverages on school property and adheres to and enforces all state underage-drinking laws.

12. The institution does not permit the possession, use or sale of illegal drugs by its employees and students and adheres to and enforces all state and Federal drug laws. The violations of these policies by students or employees may result in expulsion, termination and/or arrest.

The person who was victimized will be encouraged to seek counseling at a rape crisis center and to maintain all physical evidence until such a time as that person can be properly transported to a hospital or rape crisis center for proper treatment. This institution has zero tolerance of such assault; the violation of this policy by students or employees may result in expulsion, while investigations are being followed, termination and/or arrest.

15. The Institution encourages all students and employees to be responsible for their own security and the security of others. Please report any known criminal offenses occurring on campus to the school administration.

16. In the event a sex offense should occur on campus, the victim should take the following steps:
   - Report the offense to the school administration.
   - Preserve any evidence as may be necessary to the proof of the criminal offense.
   - Request assistance, if desired, from school administration in reporting the crime to local law enforcement agencies.
   - Request a change in the academic situation if necessary.
17. On campus disciplinary action in cases of alleged sexual assault will be based on the findings of the law enforcement agency investigating the facts pertaining to the crime and other mitigating circumstances.

18. These records are available upon request through the administrative offices.

Under certain circumstances, training may be required for an individual or a larger group. Employees or volunteers, other than student workers or volunteers, who are found to have engaged in prohibited behavior are subject to disciplinary action ranging from written warning to Termination and ban from campus. A non-University individual found to have engaged in prohibited behavior is subject to disciplinary action ranging from written warning to a ban from campus. A student, including a student worker or volunteer, found to have engaged in prohibited behavior is subject to disciplinary action ranging from written warning to expulsion. The imposition of sanctions and corrective action under this policy does not prevent any other entity from imposing penalties.

Please note that any emergency that requires immediate attention should not be waited upon on to report to the school’s President but rather contact the appropriate agency by calling (911).

GENERAL EMERGENCY PROCEDURES

Who to Contact

All employees are expected to be familiar with and to follow procedures outlined in the NEW YORK AUTOMOTIVE & DIESEL INSTITUTE Critical Response Plan. In the case of an emergency or immediate or perceived threat toward the students and/or employees, or immediate or perceived threat toward any other person on the school premises, the employee is authorized make an emergency call to 911. Instructors (including student instructors) and/or staff members should remain in the room with their students if they are notified of a possible emergency. As soon as is reasonably possible, the Administration should be notified of the threat.

Medical Attention

Anything requiring more than minor attention is to be referred to the local hospital. Except in cases of severe illness or medical emergencies, students are considered mature enough to seek appropriate relief such as returning home, visiting the restroom, or seeking medical help.

PERSONAL RESPONSIBILITY FOR SAFETY

No safety rule is a complete substitute for common sense, nor can safety rules be devised to cover every situation you experience. For these reasons, good judgment must be used in every situation. Each person is responsible for the following:

Individual Responsibility

Follow the approved practices and procedures or standards which apply, on any work you perform for the school.

Use only the appropriate protective equipment and devices. Use such equipment or devices whenever the
hazard justifies their use or when so instructed by your supervisor.

It is the responsibility of everyone to make frequent inspections of tools and other equipment used to make sure such tools and equipment are in good physical condition.

Report to your Supervisor/Instructor any condition which might injure any person or damage any property. The hazard should also be pointed out to others exposed to it in order to correct or avoid it before an accident occurs.

Any injury which occurs at school, no matter how slight, or any accident that causes damage to property shall be reported immediately to the School President. All injuries and accidents should be reported to the Supervisor/Instructor by the end of the day.

If anyone observes another who is about to endanger themselves, another person, or property while at the School, they should intervene immediately in such a way as to not endanger themselves.

Alcoholic beverages are not allowed on the School property and use of such is prohibited. No one is to report for work or class evidencing any effects of alcoholic consumption.

Controlled substances, such as marijuana and cocaine, are illegal by state and federal law. Their use and possession are prohibited on school property.

Liquids such as water or oil, excessive dust/dirt, or any other debris spilled on floors represent serious slipping hazards and should be cleaned up immediately upon observation.

**Accident Investigation and Reporting**

Anyone who suffers an injury during school shall promptly report such injury to the Supervisor/Instructor no later than end of the period on the day in which the injury occurred.

Every accident shall be investigated to determine the cause and the steps needed to prevent a recurrence. It shall be the responsibility of the Supervisor/Instructor to obtain the complete and detailed facts of the accident as soon as possible after it occurs and to see that the required reports are made to the Administration.

**Firearms**

Firearms, ammunition, explosives or other weapons are prohibited on the school property.

Exceptions to this policy are limited to the following instances:

- Department of Public Safety and other law enforcement agencies in performance of their normal duties may carry firearms on School property and
- TCLEOSE approved students.

**Good Housekeeping**
Good Housekeeping is essential to safe operation. It will result in fewer accidents and will reduce fire hazards. Oil and chemical spills should be cleaned up promptly to eliminate slipping and fire hazards. All work areas must be kept free of tools, materials, draped hoses, extension cords, and other objects which create hazards. Cleaning up the area where you are working is part of the job. A job is not completed until the area is cleaned up.

**FIRE PREVENTION AND SECURITY**

**Fire Prevention**

Everyone should exercise good judgment and conduct themselves in a manner that would prevent fires while on School property.

No one should smoke in areas where “No Smoking” signs are posted, or where hazard from smoking exists.

If a fire should occur, contact your supervisor/instructor or the School President.

Stay calm. If the fire is small, select the proper extinguisher and attack the fire (if this can be done safely).

The following chart describes the different types of fires normally encountered and the proper extinguisher to use in each case.
